

All Hands Meeting 2004: Mini-Workshop Call for Proposals

The third UK e-Science All Hands Meeting will take place from 1st - 3rd September 2004 and is scheduled to be held at the East Midlands Conference Centre in Nottingham. Following the successful mini-workshop programme at AHM 2003, it has been decided to continue with this element of the programme and proposals for mini-workshops are now invited. Proposals should be submitted by email to the Chair of the AHM 2004 Programme Committee before 19th December 2003 and notification of acceptance or rejection will be delivered by 9th January 2004. A call for other modes of participation will be issued in January 2004. Full details can be found at:

UK e-Science Success at SC2003

The UK e-Science programme provided demonstrations and auditorium space showcasing UK activities at the SC2003 super-computing event, which took place from 15th - 21st November 2003 in Phoenix, Arizona.

Professor Malcolm Atkinson, Director of the National e-Science Centre reported,

"The stand has been working really well. The talks, those by access grid from EPCC, and those given locally have drawn in a lot of interest and the team have done an excellent job of distributing our own newsletter."
